Germans Retreat On 80-Mile Front; Unconditional Surrender Demanded

FRENCH FOLLOW RETIREMENT AS STRONG POSITION CRUMBLES

Whole Laon Front Wobbles Following Evacuation of St. Gobain Massif and Evacuation of Laon. Dozen Additional Villages Are Captured.

MASSES OF WAR MATERIALS ARE SEIZED

(By United Press)

Paris, Oct. 14.—The French are swiftly following up the German retreat along the 80-mile front between Lofere and the Argonne region.

The whole Laon front following evacuation of St. Gobain Massif, is crumbling. The French have captured a dozen additional villages and great masses of shells and other war materials have been seized.

Advance in Champagne

Paris, Oct. 14.—The French have advanced on the Champagne front eighteen miles north of Rheims, according to an announcement by the French war office today.

The St. Gobain massif, the most powerful natural defensive position on the whole west front, has been entirely cleared of the enemy, according to the war office statement.

Following the occupation of Laon by the French on Sunday, troops have advanced about four miles along the Oise river, the war office states.

More than 5,500 civilians were delivered from German domination when Laon fell.

Gains Near La Cateau

London, Oct. 14.—Attacks were delivered in force, resulting in gains on a wide front north of LaCateau, according to a report today from Field Marshal Haig.

British patrols have pushed forward to within eleven miles of Valenciennes, Haig said, and ground was taken north and south of Douai.

Catch Huns In A Trap

With the American First Army, Oct. 14.—Heavy German counter attacks south of the Argonne forest were broken up by the counter attacks of the Americans, many of the enemy being caught between the two barrages. The Germans advanced behind a barrage and the American artillery silenced the German guns, leaving the enemy infantry without any protection.

In the region of Romagne, the Americans made successful advances.

Apex of Salient Falls

London, Oct. 14.—The apex of the great German salient in France has fallen in. French troops Sunday cleared St. Gobain forest, the powerful natural defense, of Huns, captured LaFere, raised the French flag over the Laon cathedral, and pushed on, making an advance of about four miles on the front between the Oise and Aisne rivers a distance of about thirty-five miles.

Advance troops pressing beyond Laon occupied Samoussy and Marchais, while Italians passed through Montfaucon farther to the southeast. When Laon fell to the allies, without a fight, 6,500 civilians were liberated. They welcomed their deliverers with great joy.

Is Conferring With Leaders Of The Allies

President Wilson Will do Nothing Which Will Weaken Advantages Gained by Our Victorious Armies in the Field, Senator Ashurst of Arizona Says After Conference.

Washington, Oct. 14.—"The country may rest assured that the president will do nothing in this situation which will weaken the advantages gained by the victorious armies in the field," said Senator Ashurst of Arizona following a conference with Pres. Wilson.

"The president is obtaining the views of Lloyd-George, Clemenceau and others, but no one need worry that he will do anything that would weaken our position."

COUNTY ABOUT \$40,000 SHORT OF LOAN QUOTA

Reports From Banks of County Today Show Subscriptions Amount to \$1,060,500

MAY REACH MARK TOMORROW

The county had not quite reached its Fourth Liberty Loan quota of \$1,100,000 this morning, according to reports from the banks of the county, which showed subscriptions amounting to \$1,060,500.

This leaves the county only \$39,500 under the goal, which Liberty Loan officials feel confident can be reached by tomorrow, if subscriptions continue to come in as they have in the last few days.

When the county is so close to the mark, it was being urged today that an extended effort be made so that Rush county could report a 100 per cent subscription by tomorrow.

IN GERMAN PRISON CAMP

Greensburg, Ind., Oct. 14.—James T. Ward of Westport, Ind., reported held as a German prisoner at Camp Rosstatt, is a son of Mrs. Amanda Ward. His father died two months ago. Ward entered the service a year ago.

Turkey Accepts Terms And Demands Armistice

(By United Press)

Washington, Oct. 14.—Turkey today besought the president to take upon himself re-establishment of peace; accepted Wilson's fourteen terms as a basis for negotiations and requested an immediate general armistice.

The note following closely the German and Austrian peace notes, was delivered by the Spanish ambassador and was as follows:

"The undersigned charge de affaires of Turkey has the honor, acting upon instances of his government to request the royal government to inform the secretary of state of the United States of America that the imperial government requests the president of the United States of America to take upon himself the task of re-establishment of peace; to notify all belligerents of this demand and to invite them to send delegates to initiate negotiations. The imperial government accepts as a basis for the negotiations the program laid down by the president of the United States in his message to congress of January 8, 1918, and in his subsequent declarations, especially the speech of September 27.

"In order to put an end to the shedding of blood, the imperial Ottoman government requests that steps be taken for the immediate conclusion of a general armistice, on land, on sea, and in the air."

MORE NEW CASES REPORTED TODAY CAMP WADSWORTH QUOTA ANNOUNCED

Most of Them Are in Homes Where There Were Already Spanish Influenza Patients

ONE MORE DEATH RESULTS

Total Reported to Date in County Approximately 230, But Many of These Have Recovered

The death of Clyde Heaton this morning at his home east of the city from pneumonia, brought on by the influenza, brings the number of deaths during the epidemic to two, but his did not make the situation any more alarming, health officials said.

Several new cases of the Spanish influenza were reported to the county and city health officers today; but the situation regarding the epidemic was not believed by the health officials to have changed materially.

Dr. J. B. Kinsinger, secretary of the city board of health, reported twenty more cases in the city this morning to the county health officer, Dr. E. I. Wooden, and reports of eleven new cases in the county outside of Rushville were received by Dr. Wooden.

This brings the total number of cases reported in the city and county to date up to approximately 230. There were about fifteen cases reported from outside of Rushville Saturday afternoon, making the estimated number of cases reported from outside Rushville 100. All of them are reported as 1917 veterans.

Twenty-three Men Exhaust 1917 Class And Takes Many From Class Of June 5, 1918

CLASSIFICATION FINISHED

Total Of 872 Cases Are Acted Upon And 17 Are Held Up For Additional Information

The county selection board today announced the personnel of the quota on the call for twenty-three men to entrain for Camp Wadsworth, Spartansburg, South Carolina, next Monday afternoon at 12:40 on a Big special train.

The board also announced today that the classification of the registrants of September 12 to whom questionnaires had been sent, had been completed, with the exception of seventeen, whose questionnaires are incomplete. Additional information is required by the board before they can be classified.

The detachment leaving next Monday will be the first large body of selected men to be sent to camp for training since August. The call for seventeen men to be sent to Camp Taylor, Ky., the first of this month was cancelled on account of the Spanish influenza.

Twenty-four names are announced for this quota, but one of them, Clyde Patterson of Arlington, is an alternate, who will be sent providing the board can't get in touch with Tyre G. Casey, a 1917 registrant.

TELEGRAMS REACH WHITE HOUSE FROM ALL PARTS OF THE COUNTRY

German Reply Accepting President Wilson's Demands For Evacuation of Occupied Territory is Delivered to President Shortly After Noon.

IS IDENTICAL WITH THE PRESS VERSION

(By United Press)

Washington, Oct. 14.—The German reply accepting President Wilson's demands for evacuation of occupied territory was delivered to Secretary Lansing at noon today and a few minutes later the official text was handed to President Wilson. It was said to be identical with the press version made public Sunday.

During the morning the president conferred with Secretaries Lansing, Daniels, Baker and Col. House regarding the reply which all agreed must be forthcoming as soon as possible.

Requests No Further Word With Germany

Resolution Introduced in Senate by Lodge Declaring it to be Sense of Senate There Should be No Communication Accept to Demand Unconditional Surrender.

Washington, Oct. 14.—Demand for unconditional surrender of Germany was made in speeches in the senate today by Senators New of Indiana, Brandegee of Connecticut and McCumber of North Dakota.

"An armistice today would mean losing the war," said Brandegee.

New declared "stopping short of complete unconditional surrender with full reparation for damage done will not be accepted or tolerated."

Senator Lodge, ranking republican leader of the senate foreign relations committee, introduced a resolution declaring it to be the sense of the senate that no further communication be had with the German government except to demand unconditional surrender.

London Press Demands Hun Armies Give Up

No Temporary Armistice, Nor Any Amistice at All, Unless Accompanied by Unconditional Surrender is Dominant Note of Newspaper Comment.

London, October 14.—No temporary armistice, nor any armistice at all, unless accompanied by Germany's unconditional surrender is the dominant note in most of the comment on the peace situation in the London morning newspapers.

"The allies will take nothing less than unconditional surrender in the field, and there must be no armistice until defeat in the field is acknowledged by the enemy," says the Post.

Thousands of telegrams poured into the White House today from all parts of the country demanding unconditional surrender of Germany. The hope was openly expressed in official circles that the president would refuse to negotiate as long as the Hapsburgs and Hohenzollerns were in power.

Washington, Oct. 14.—Germany's reply to President Wilson reached the Swiss legation in official form by cable this morning. It was in German text, a translation of which was identical with that received by wireless Saturday night, and published in the press.

Instead of taking the note direct to the White House, as he did Prince Maximilian's peace plea, Frederick Oederlin, Swiss charge, communicated with the state department. He was asked to present it to Secretary Lansing at 11:15 o'clock.

In the meantime President Wilson called Secretaries Lansing and Baker to the White House for a conference. The President and Mr. Lansing had been considering the German communication since Saturday night when the unofficial text reached them, and Secretary Baker, just back from France, was prepared to give first hand information about the situation at the battle front, which has brought about the German eagerness for peace.

Pending receipt of the official text by the state department authoritative comment was withheld. President Wilson, it was regarded certain, would begin a study of the document immediately on receiving the official text. E. M. House, confidential adviser of the President, was at the White House today, having returned with the President from New York last night.

Pending consideration by the President of the official communication, the government requested that the people of the United States withhold judgment.

President Wilson is expected to decide first if Foreign Secretary Golt's reply to inquiries addressed to Chancellor Maximilian warrants him in presenting Germany's original proposal to the entente allies. It should be borne in mind that the President's inquiry merely was a move, a statement in which he proposed nothing, bound himself to nothing, and merely asked some questions which he declared required answer before he could do further.

Closing-Out Sale!

I will sell at public auction at my farm, 2 miles west of Carthage, 4 miles south of Charlottesville, 1 mile east of Walnut Ridge church.

COMMENCING AT 10 O'CLOCK A. M. ON
THURSDAY, OCTOBER 17, 1918

the following described property to-wit:

30 Head of Registered Big Type Poland Hogs

Queen Sue No. 693388 out of Long Chief and Queen Hadley, and three of her yearling daughters and a son out of Big Smooth Bone. 25 summer gilts and boars out of these sows and Big Bone—a fine lot of pigs. Queen Sue's Giant, a yearling boar, weighing over 500 pounds, is a fine specimen of the type, would make a splendid herd boar. Also 9 feeders weighing 100 pounds. All these hogs are immuned from cholera.

150 PURE-BRED Duroc Hogs 150

125 Gilts and 25 Spring Boars

In making this offering we feel a pardonable pride and believe you will bear us out in the statement that this is one of the best ever sold from this farm. They are a uniform lot throughout, rich in some of the best and most popular blood of the breed, have lots of size and quality and have been grown in a way to give them plenty of bone and muscle—the kind to keep getting better and produce results. Do not let this opportunity pass by and if they meet your approval make your selections, and if you will permit a suggestion—buy them regardless of price for there was never a time when a good sow or boar would make more money than now. ALL DOUBLE IMMUNED.

20 HEAD OF CATTLE 20

Two yearling POLLED SHORTHORN BULLS, one Roan, one Red, sired by a ton bull and out of excellent cows. 10 GRADE COWS with first calves by their side, ready to wean. A lot of good milkers.

4 Head of Horses 4

2 Chestnut Three-year-old Geldings; 1 Bay Three-year-old Gelding, well broken and excellent workers; 1 Two-year-old Chestnut Gelding. These were all raised on the farm, sired by our own stallion, out of good mares, and will mature 1600 pounds or better. We are selling these for lack of room and will make someone good money to feed till spring.

TERMS—A credit of six months without interest will be given, purchaser executing approved bankable note. 3 per cent off for cash. Settlement to be made before removal of property.

SALE TO BEGIN AT 10:00 SHARP

Lunch will be served on the grounds by the Indiana Ridge Epworth League Red Cross.

phase of the situation, health officials were very hopeful because it is becoming more and more evident that the epidemic is being confined in a large measure to homes where the disease was discovered before the ban was placed on public gatherings.

Since there is nothing to indicate that the state board of health orders prohibiting public gatherings will be lifted before next Sunday midnight, health officials issued an earnest appeal to Rushville and Rush county people to obey the board's requests to the letter so that the epidemic will not get a fresh start and prevent the ban being lifted as planned.

Indianapolis, Ind., Oct. 14.—Dr. J. N. Hurty, secretary of the state board of health, predicted yesterday that the peak in the influenza epidemic would be reached tomorrow, and expressed belief that the present ban imposed by the board closing various business houses, restriction of public gatherings, closing of schools, churches and the order affecting traveling on street cars, will be raised before next Sunday. Conditions may so improve that the ban can be lifted even before then, Dr. Hurty declared.

Dr. Hurty is of the opinion the disease will subside as fast as it has spread during the several weeks it has raged. He recalls that a similar epidemic spread throughout this country some thirty years ago, at that time claiming as its victims more old than young persons. The older people, he said, seemed to be immune during the present epidemic.

Dr. Hurty sent a telegram to county health officers requesting that each obtain all volunteer help possible in their respective counties for aid in fighting the disease should conditions grow worse and necessitate such help. Persons volunteering their services will work under the direction of the Red Cross and their expenses will be paid. However, Dr. Hurty is of the opinion at this time such assistance may not be necessary.

Withhold Judgment

Although Germany's reply to President Wilson's note of inquiry is apparently an acceptance of America's peace terms laid down in recent speeches by the president, the public is requested to withhold judgment until the official text is received and President Wilson has had opportunity to consider it. On account of Germany's record in the war most Americans are naturally inclined to study the Germans answer very critically for a flaw, although the document made public through unofficial channels declares that those who speak through the note represent the present German government and the German people, the allies, judging from newspaper comment, are inclined to take this statement with a grain of salt, feeling that Germany's diplomatic promises of today may be akin to those made earlier in the war.

The notable absence of any reference in the reply to the kaiser and the imperial German government leaves ample opportunity for wide speculation, but the comment of the foreign press is very pessimistic and declares without exception that the German government has not changed, but is practicing subterfuge to fool the people of the allied nations. Even though on its face

THIS DAY IN THE WAR

Oct. 14, 1917

Germany asks Russian sailors on Baltic fleet to fight.

Oct. 14, 1918

Rumanians make a stand on their own frontier.

Oct. 14, 1915

British launch attack on 25-mile front.

Oct. 14, 1914

Allies occupy Ypres.

The German reply says that it is ready to withdraw from invaded countries, which was a condition laid down by President Wilson before any armistice was possible, it is generally declared that the document sent to the United States Saturday from Berlin does not indicate an armistice. Too many feel that a nation which had the blood of innocent women and children on its hands and which has shown by the sinking of unarmed passenger vessels within the last week that it has not repented of its sins, can not be sincere.

Rush county people are exhorted to continue their war efforts as if no peace negotiations had ever been started in Berlin. They are urged to support the Fourth Liberty Loan sincerely and earnestly and continue all other war activities until it is certain beyond any doubt that the Huns are not practicing the same sort of trickery which they have been guilty of countless times before and until they show a willingness to surrender unconditionally to the military forces of the allies, which will bring about the only kind of peace that will be lasting.

Using The Fair Price List

In nearly every newspaper in the country the housewife will find a Fair Price List. This list shows that foods are most plentiful in the local markets each day and also gives fair prices for them.

These prices are determined by local committees representing wholesale dealers, retailers, and consumers. They aim to give the dealer a fair profit and at the same time to guard the housewife from being exploited.

But these Fair Price Lists are a club without a handle unless the housewife uses them as she should.

To do this, she should clip the Fair Price List as printed in her paper each day and take it to mark with her. Then, if she is charged prices in excess of those quoted on the list she should immediately bring this fact to the attention of her dealer. If he refuses to sell at the prices quoted, the housewife should at once report him to her city administrator or her county food administrator. He will take such action as seems to fit the case.

So much the Fair Price list can do, if rightly handled by the housewife. But there is another side to it. With the Fair Price List there is no excuse for the housewife to wait until the end of the month and her bills begin to come in, and then complain because her grocery account is higher than she thinks it ought to be.

The only time she has a right to object is the day her dealer asks her a higher price for a certain food commodity than the price at which it is listed in the Fair Price List quoted for that day.

Transportation is difficult. The higher cost of food is part of the war burden that must be cheerfully borne by every housewife.

Let the American housewife who complains over prices in America compare them with those in other countries.

The only time we have a right to complain in America is when we are charged prices in excess of those quoted in the Fair Price List.

The Promised Land

The Anglo-Saxons colonized America for the benefit of the Jews. This at any rate, has long been the conviction of many an anxious anti-Semite.

The Jews colonized the Holy Land for the ultimate benefit of the Anglo-Saxons and the ultimate beneficiaries under General Allenby, have arrived rather late. The vineyards which were planted long ago are yielding only a meager harvest today.

To many of us in America the Syrian and Mesopotamian campaigns have only a secondary importance. Yet their sentimental rather than their patriotic significance, and the fact that the Kaiser's army was

driven from the Garden of Eden is long range marksmanship, the effectiveness of which is not discernable to every eye.

Have we forgotten the boast that came from Berlin when Constantinople became accessible to Germany by alliance with Bulgaria? "An empire extending from the North Sea to the Persian Gulf can never be blockaded" was the pronouncement, but the empire's boundaries are narrower today. If the allies continue their advance in Syria and Mesopotamia they will soon hold a line extending from the Black Sea to the Mediterranean, locking the eastern door of Asia Minor.

Moreover it has lately been declared by Professor Scott and other grain experts that the Mesopotamian wheat crop can provide abundantly for the allied armies. And since the Garden of Eden is no longer needed to support Adam's immediate family circle, it may as well feed those of his remoter progeny as are worth preserving. It would be a mistake to let any of its produce appetites at Potsdam.

Patriotic Buying

You may buy toys for the children on Christmas and still be patriotic within the meaning of the new economy program promulgated by the state and national councils of defense. But you cannot buy toys, or anything else for that matter, and be patriotic if you put off the performance until the eleventh hour. Buy during October and November and be sure of a good assortment from which to select and obviate the necessity for increasing the force of clerks, during the month of December. The government needs help in more essential things, which cannot be handicapped by such competition as the late shopper would necessitate.

From the German point of view, retreating when attacked by an overwhelming force is an excellent sauce for the Allied goose. But when the tables are turned, it is considered a very unsatisfactory sauce for the German gander.

Our ideas of woman as exclusively a sewing and dishwashing being fade away when we see her as a farmer and as an auto mechanic.

"He who fights and runs away
May live to fight another day."

German militarism is now "fighting and running away" and in any peace settlement we must be careful that it is deprived of all power to "fight another day."

PRELIMINARY PLANS FOR NEXT CAMPAIGN

United War Workers To Begin Drive
For \$5,000,000 To Be Raised In Indiana

GOV. GOODRICH CHAIRMAN

Indianapolis, Ind., Oct. 14.—As soon as the Liberty Loan campaign is completed, arrangements will be started for the campaign of the United War Worker's drive in the state.

This campaign will be conducted during the week of November 11 to 18 and will be for \$5,000,000 in Indiana. The national quota will be \$170,000,000.

The organizations which will participate in the divisions of the funds will be the Y. M. C. A., Knights of Columbus, Salvation Army, Y. W. C. A., Jewish Welfare Board, War Camp Community Service and American Library Association.

Governor Goodrich is chairman of the campaign committee for Indiana. Under agreement with the Liberty Loan campaign officials, all activities in connection with the war work drive have been stopped until the entire loan is subscribed.

KAISER GETTING LIBERAL

Berne, Switzerland, Oct. 14.—The Frankfort Zeitung states that among the reforms the German Emperor intends to renounce is the right to declare war.

During the first six months of 1918 93,194 accidents were reported in Pennsylvania industries. Of these 1,757 were fatal. In the two and a half years of compensation work in the state 72,053 men whom

To the Central Powers

President Wilson has replied with his note. Have you replied with your Bond subscription? If not, back him at once with a liberal purchase. Remember that the Fourth Loan is going slowly all over the Nation. Are you to blame?

Farmers Trust Company

HIS DIVISION COMMENDED

The second division with which Frank Owens, of this city is fighting, has been officially commended by the French government, according to dispatches from Washington. Corporal Owens is with battery E, 15th (regiment of artillery). It was the brunt of the recent hard fighting in second division which bore the Champagne and was in the thick of the battle at Chateau-Thierry in August. At this point in the advance the second division advanced against tremendous resistance and captured ten complete batteries.

Unshaken Testimony

Time is the test of truth. And Doan's Kidney Pills have stood the test in Rushville. No Rushville resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

Harrison Levi, 931 N. Sexton St., Rushville says: "I used to have to get up six or seven times each night on account of the too frequent passages of the kidney secretions. Often the secretions were scanty and painful in passage. I also had severe backaches. Nothing ever did me any good until I began taking Doan's Kidney Pills, which I got from Johnson's Drug Store. It didn't take them long to fix me up; the pains left and my kidneys again acted regularly." OVER THREE YEARS LATER, Mr. Levi said: "I am glad to confirm my former endorsement of Doan's Kidney Pills, for they have given me a permanent cure."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Levi had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—(Adv.)

NEW PROGRAM FOR ALL EATING PLACES

Food Administration Regulations Affect All Places Where Cooked Food is Served

EFFECTIVE ON OCTOBER 21

General Plan Regarding Conduct of Public Eating Places Reduced to 12 "General Orders"

A new program for all public eating places, effective October 21, is announced by the United States Food Administration. The new rules apply to all places where cooked food is sold to be eaten on the premises and affect nine million regular or occasional patrons.

The new regulations carry into effect the recent announcement of the Food Administration that in fulfilling the American promise to the Allies to send them seventeen and a

half million tons of food this year (wheat, corn, etc.) may be served in public eating places would be expected as is bread containing at least one-half ounce flour. No bread is to be served until after the first course is on the table and no bread or toast may be served as a garnish.

The general plan of the Food Administration with regard to the conduct of public eating places has been reduced to twelve definite "General Orders." These twelve rules furnish the specific measures by which the Food Administration plans to carry out, so far as public eating places are concerned, the announced plan that for next year the American food program will be a direct reduction in the consumption of all food, particularly the staples, rather than a series of emergency regulations such as meatless and wheatless days and meals, and the substitution of one food for another.

The general orders prohibit the serving of any bread that does not contain at least the twenty percent of wheat flour substitutes, and of this Victory bread no more than two ounces may be served to a patron at one meal; if no Victory bread is served four ounces of other breads, such as corn bread, muffins, Boston

Bread served at boarding camps is called upon "to undertake in many particulars a more strict program than last year."

Bacon is also barred as a garnish and only one meat may be served to a patron at a meal. Included in the definition of meat are beef, mutton, pork and poultry. Not more than a half-ounce of butter is to be served to one person at a meal, and Cheddar (American) cheese is limited to the same amount. "Double" cream is banned.

No sugar bowls will be on the tables, a teaspoonful is the limit for a meal, and then only when asked for. Two pounds is the allowance to be observed for each ninety meals served, including cooking.

No waste food may be burned but all must be saved to feed animals or reduced to obtain fats.

Simplified service, with meats and vegetables on one plate instead of in side dishes, and only necessary silverware, and simplification of the menu and the menu card are urged as means of saving not only food, but labor and paper. The general bill of fare should be abandoned because the great variety of dishes listed makes waste through spoilage. Simple bills for breakfast, luncheon and dinner with limited dishes, changed from day to day for variety, are recommended, also the use of hors d'oeuvres, vegetable salads, fruits, sea-foods, made-over dishes and animal by-products, which save staples and utilize many available foods.

The war program discourages the table d'hôte meal except when confined to few courses and small variety, as on the Continent. American plan hotels should require guests to write orders, and all menus should be in plain English, actually describing the food.

The new regulations affect hotels, restaurants, dining cars, steamships, clubs, and other places where food is sold to be consumed on the premises. In a message to the managers of such establishments the Food Administrator fully explains the food situation with reference to the war, and tells what the people of the United States must do in the way of saving food in order to make good the pledge which, authorized by the President, he gave to the Allies at the recent conference of food controllers.

The Food Administrator finds we shall apparently have sufficient sugar to take care of the present rate of consumption and to provide for the extra drain of the Allies, and sufficient coffee if wastefulness in brewing the average is eliminated. Of our own products there must be a reduction in consumption and waste of foodstuffs and of meats and fats; that is to say, pork, beef, poultry, dairy products and vegetable-oil products. Stress is laid, however, upon the fact that the Food Administration does not wish curtailment in the use of milk for children.

Patriotic proprietors of public eating-places demand enforceable rules for their own protection against those not sufficiently patriotic to follow them voluntarily.

IT DOES FRITZ GOOD TO SEE THE YANKEE ARMY

(By United Press.)

With the Americans in France, Sept. 10. (By Mail.)—Getting captured is an eye-opener for most Germans. Prisoners admit it frankly.

In Fismette the Americans took some prisoners, among them a Prussian lieutenant, who as he came back over American roads under guard, viewed everything with amazement.

He explained his bewilderment to an intelligence officer some miles behind Fismette by saying, "We thought the U-boats had practically cut America off from Europe. I thought there were almost no Americans in Europe, but I have seen nothing but Americans, American guns, American cannons and wagons all the way back. Does it continue that way?"

He was assured he would see Americans all the way to the prison camp more than a hundred miles away.

Official Text of German Note Accepting U. S. Terms

Washington, Oct. 14.—The text of the German government's note accepting the peace terms laid down by President Wilson follows:

In reply to the questions of the United States of America the German government hereby declares:

The German government has accepted the terms laid down by President Wilson in his address on the foundation of a permanent peace of justice. Consequently its object in entering into discussions would be only to agree upon practical details of the application of these terms. The German government believes that the governments of the powers associated with the government of the United States also take the position taken by President Wilson in his address. The German government, in accordance with the Austro-Hungarian government, for the purpose of bringing about an armistice, declares itself ready to comply with the propositions of the President in regard to evacuation.

The German government suggests that the President may occasion the meeting of a mixed commission for making the necessary arrangements concerning the evacuation. The present German government, which has undertaken the responsibility for step toward peace, has been formed by conferences and in agreement with the great majority of the Reichstag. The chancellor, supported in all of his actions by the will of this majority, speaks in the name of the German government and of the German people. (Signed) SOLF, State Sec. of Foreign Office. Berlin, Oct. 12, 1918.

FEEL MISERABLE FROM THAT COLD?

Colds and coughs are quickly relieved by Dr. King's New Discovery

Not only should feel "perfectly miserable" from a cold, cough or bronchial attack for very long. For it takes only a little while to relieve it and get back on the road to recovery when Dr. King's New Discovery is faithfully used. It soon loosens the phlegm, relieves irritation, soothes the parched, sore throat, brings comfort.

Half a century old and more popular today than ever. 60c and \$1.20.

The War is Not Yet Over. We Will Fight Until It Is Won

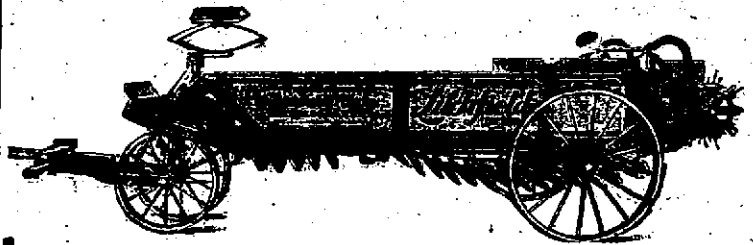

When America goes to War, she goes to WAR TO WIN—and we are going to WIN THIS WAR if it takes every Man and every Dollar that we have—but don't make the mistake of thinking that the War is already won to a finality. The Prussian Beast is torn, tired, and bleeding, but we must not call the war won, until the Prussian Beast has finally surrendered and has fully and completely accepted the entire Fourteen Points as laid down by President Wilson in his speech of January 8th. Our boys are fighting and they will continue to fight until the final victory is won for humanity and liberty. But we must do all that we can to help our boys—and it is up to you and to us to help—we must not fail them.

LET US ALL LEND THE WAY THEY FIGHT

A REAL MANURE SPREADER

Rome was not built in a day—neither has there ever been an absolutely first-class spreader built in a day or a month or a year or ten years. By first class we mean as spreaders are measured today.

It takes many years of cumulative experience and many years of developing organization to build what today can be truly designated as an absolutely first-class machine.

The "RUSHVILLE SPECIAL" Spreader which we have been telling you so much about is the result of more than fifteen years' experience by a specialty factory, made up of men and machinery and an organization that knows little else but to build these machines, but this one thing they know and know it well: The company building our spreaders is the oldest spreader builder now in existence and doing the largest business and building the most machines of any concern in the United States.

They stand as leaders and their product, the "RUSHVILLE SPECIAL" Spreader, is unquestionably a leader in its line. We are fortunate in being able to offer this machine to our customers because of its many qualities which we take great pleasure in showing to our Trade as we have the opportunity. As we said before, we await your verdict.

SPANISH INFLUENZA—WHAT IT IS AND HOW IT SHOULD BE TREATED

Nothing New—Simply The Old Grip, or la Grippe That Was Epidemic in 1889-90. Only Then It Came From Russia by Way of France and This Time by Way of Spain.

Go To Bed and Stay Quiet—Take a Laxative—Eat Plenty of Nourishing Food—Keep up Your Strength—Nature Is The Only "Cure."

ALWAYS CALL A DOCTOR

NO OCCASION FOR PANIC

Spanish influenza, which appeared in Spain in May, has all the appearance of grip or la grippe, which has swept over the world in numerous epidemics as far back as history runs. Hippocrates refers to an epidemic in 412 B. C. which is regarded by many to have been influenza. Every century has had its attacks. Beginning with 1831, this country has had five epidemics, the last in 1889-90.

There is no occasion for panic—influenza itself has a very low percentage of fatalities—not over one death out of every four hundred cases, according to the N. C. Board of Health. The chief danger lies in complications arising, attacking principally, patients in a run-down condition—those who don't go to bed soon enough, or those who get up too early.

THE SYMPTOMS

Grippe, or influenza as it is now called, usually begins with a chill followed by aching, feverishness and sometimes nausea and dizziness, and a general feeling of weakness and depression. The temperature is from 100 to 104, and the fever usually lasts from three to five days. The germs attack the mucous membrane, or lining of the air passages—nose, throat and bronchial tubes—there is usually a hard cough, especially bad at night, often times a sore throat or tonsillitis, and frequently all the appearances of a severe head cold.

THE TREATMENT

Go to bed at the first symptoms, not only for your own sake but to avoid spreading the disease to others—take a purgative, eat plenty of nourishing food, remain perfectly quiet and don't worry. Quinine, aspirin or Dovers' Powder, etc., may be administered by the physician's directions to relieve the aching. But there is no cure or specific for influenza—the disease must run its course. Nature herself will throw off the attack if only you keep up your strength. The chief danger lies in the complications which may arise. Influenza so weakens the bodily resistance that there is danger of pneumonia or bronchitis developing, and sometimes inflammation of the middle ear, or heart affections. For these reasons, it is very important that the patient remain in bed until his strength returns—stay in bed at least two days or more after the fever has left you, or if you are over 50

or more, according to the severity of the attack.

EXTERNAL APPLICATIONS

In order to stimulate the lining of the air passages to throw off the grippé germs, to aid in loosening the phlegm and keeping the air passages open, thus making the breathing easier, Vick's VapoRub will be found effective. Hot, wet towels should be applied over the throat, chest and back between the shoulder blades to open the pores. Then VapoRub should be rubbed in over the parts until the skin is red, spread on thickly and covered with two thicknesses of hot flannel cloths. Leave the clothing loose around the neck as the heat of the body liberates the ingredients in the form of vapors. These vapors, inhaled with each breath, carry the medication directly to the parts affected. At the same time, VapoRub is absorbed through and stimulates skin, attracting the blood to the surface, and thus aids in relieving the congestion within.

HOW TO AVOID THE DISEASE.

Evidence seems to prove that this is a germ disease, spread principally by human contact, chiefly through coughing, sneezing or spitting. So avoid persons having colds which means avoiding crowds—common drinking cups, roller towels, etc. Keep up your bodily strength by plenty of exercise in the open air, and good food. Above all, keep free from colds, as colds irritate the lining of the air passages and render them much better breeding places for the germs.

Use Vick's VapoRub at the very first sign of a cold. For a head cold, melt a little VapoRub in a spoon and inhale the vapors, or better still, use VapoRub in a benzoin steam kettle. If this is not available, use an ordinary tea kettle. Fill half full of boiling water, put in half teaspoon of VapoRub from time to time—keep the kettle just slowly boiling and inhale the steam arising.

NOTE—Vick's VapoRub is the discovery of a North Carolina druggist, who found how to combine, in salve form, Menthol and Camphor with such volatile oils as Eucalyptus, Thyme, Cubeb, etc., so that when the salve is applied to the body heat, these ingredients are liberated in the form of vapors.

VapoRub is comparatively new in New York State and New England and a few western states where it is just now being introduced, but in other sections of the country it is the standard home remedy in more than a million homes for all forms of cold troubles. Over six million jars were sold last year. It is particularly recommended for children's colds or colds, since it is externally applied and therefore cannot be used as freely as desired without the slightest harmful effect. VapoRub can be used in any size of all drugs.

The secret marriage of Miss Lettie Jordan and Charles Vohland in Indianapolis last July 4, was revealed Friday night when Miss Gladys Chadwick and Miss Emma Mahin gave a miscellaneous shower at the home of Miss Chadwick in North

Willow street for the bride. There were twenty-five guests present and a once course luncheon was served. Mrs. Vohland received many beautiful gifts.

WEAK, RUN DOWN WOMAN

Tells How Vinol Made Her Strong

So, Kaukauna, Wis.—I was weak, all run down, tired all the time, and had asthma so I could hardly keep around and do my housework. After everything else had failed to help me Vinol built me up and made me well and strong.—Mrs. Jay Parker.

The reason Vinol was so successful in Mrs. Parker's case, is because it contains the necessary elements to create an appetite, aid digestion, make pure blood and create strength. It is the beef and cod liver pentones—iron and glycerophosphates in Vinol—that does it—you will not be disappointed if you try it.

F. B. Johnson & Co. and druggists everywhere.—(Adv.)
leading a faithful

Mr. and Mrs. Claude Adams, entertained at their home yesterday with a dinner party. Masses of fall flowers adorned the dining room table, where the delicious dinner was served. The guests were Mr. and Mrs. W. V. Brown and children Lucile, Maxine and Alice.

The annual meeting for the election of officers for the Rush county Red Cross will be held Wednesday evening, October 23, at 7:30 o'clock at the Red Cross headquarters.

No meeting of the Psi Iota Xi sorority will be held tomorrow evening on account of the epidemic of influenza.

Mr. and Mrs. Walter Capp were gracious host and hostess Sunday, when they royally entertained a number of their friends at an excellent noon dinner. A bouquet of asters formed the center piece for

the dining room table. The guests for the occasion included Mrs. Hale Pearcey, Miss Hannah Morris, Miss Glorine Amos and Miss Mayme Hiner.

Mr. and Mrs. James Dill entertained Sunday all day with an old fashioned country dinner and supper at their country home north of the city. The guests were Mr. and Mrs. Norm Norris, Mr. and Mrs. Chas. H. Brown, and Mr. and Mrs. W. O. Feudner. To make the day completely old fashioned, as well as gasless, Mr. Dill came after his guests in a farm wagon.

Mr. and Mrs. John Wallace entertained yesterday with a twelve o'clock dinner at their home in West Third street. The dining room table was attractively adorned in brightly colored fall flowers and covers were laid for the following guests: Miss Gladys Wallace, Mrs. Will Carter and Mr. and Mrs. William E. Wallace.

Miss Katherine Petry and Miss Olive Buell were gracious hostesses Saturday evening at the home of the former with a prettily appointed dinner party and miscellaneous shower in honor of Miss Pearl Kitchen, whose marriage to Edwin Humphreys of Raton, New Mexico, is to be solemnized this month.

Pink and white were the predominating colors used throughout the spacious rooms and in the dining room, where the bounteous dinner was served. Baskets filled with ivy and myrtle added a bright touch of color to the attractive decorations.

A bouquet of pink roses formed the centerpiece for the table from which pink rose buds tied with white ribbon extended to the place cards.

The guests included Mrs. J. T. Arbuckle, Mrs. Glen Thomas, Miss Bertha Helm, Miss Henrietta Coleman, Miss Nell Winship, Miss Grace Kitchen of Indianapolis, Miss Cora Winship, Mrs. A. L. Gary, Mrs. Carrie Hazletine of Bolivia, South America, Miss Jessie Kitchen and Mrs. J. T. Kitchen.

Mr. and Mrs. Hal Green entertained yesterday with a family dinner in honor of Dr. Frank Green, who leaves Wednesday morning for Capay Greenleaf, Georgia. The guests were: Mr. and Mrs. Derby Green and children, Katherine and John, Miss Gertrude Green of Indianapolis, Mr. and Mrs. Charles Green, Mr. and Mrs. Paul Green and son, Mr. and Mrs. Lucian Green of Indianapolis, Dr. and Mrs. Frank Green and Lot Green of Indianapolis.

Mr. and Mrs. George Murphy entertained Sunday with a dinner party in honor of Mrs. Murphy's birthday. A basket of fall flowers of varied hues formed the center piece for the table. The guests for the occasion were Mr. and Mrs. Jesse Murphy and Miss Margaret Headley.

The S. E. T. club meeting which was to have been held tomorrow afternoon, has been postponed.

Mr. and Mrs. John Jordan entertained Sunday with a twelve o'clock dinner in honor of Mr. and Mrs. William Allen, who will leave soon for their winter home in Coden, Alabama. A bouquet of brightly colored roses was the decoration for the table. The guests were: Mrs. Leonard Blackledge and children Lawrence and William and Mr. and Mrs. William Allen.

BACK FROM FIGHTING ZONE

Private Hines Hogsett Will be Home on a Short Furlough

Hines Hogsett, son of Mr. and Mrs. J. R. Hogsett of 614 North Sexton street, who has been in the advanced zone of fighting in France for some time, is in Hoboken, N. J., and is expected home soon on a short furlough, according to a message received by his parents. Private Hogsett, who is a member of the headquarters company of the 101st Field Signal battalion, is ordered to an officer and it is presumed that he came to the United States with the officer on a mission of some sort.

Mr. and Mrs. John O. Hill and their daughter Mrs. William English spent the week end at the home of William English, who is in training at West Point, N. Y.

WORD FROM LT. CECIL SNIFF

Not Dead or Missing as Previously Reported Here

Further word received by friends here is to the effect that Lieutenant Cecil Sniff, son of the Rev. W. W. Sniff, former pastor of the Main Street Christian church, who was believed to have been killed or to be a German prisoner of war, is now safely behind the lines acting as an instructor to soldiers. Lieut. Sniff was not heard from for some time and the word came to friends here that he was missing or dead. However, local people who saw the Rev. Mr. Sniff at St. Louis at the national convention of Christian church, report that Lieut. Sniff is safe and that Mrs. Sniff has recovered her health and is spending the winter with her sister at Edwards, Miss.

CAMP WADSWORTH QUOTA ANNOUNCED

Continued from Page One
who was delinquent, but who later reported to a local army board in South Carolina.

This call completely exhausts the 1917 class of registrants, including several registrants of June 5, 1917, who have been reclassified and placed in class one since the last call for men to be selected in sequence of order numbers. When this call is filled, there will be about seventeen left in the class of June 5, 1918. These will be sent to camp before the board begins calling registrants of September 12 last.

The local board classified 29 registrants Saturday and 59 Sunday, when the work was completed, with the exception of the seventeen noted above. This makes a total of 972 cases which have been acted upon by the local board. There were only 977 questionnaires sent to registrants between the ages of 19 and 37 but questionnaires had to be sent to registrants under 19 who are in the Students Army Training Corps at college, because they had to be classified before they could be inducted. There were twelve registrants of this class, which accounts for all of the questionnaires issued.

Twenty-eight of the cases acted upon Saturday and Sunday by the board were sent to the district board for action on industrial and agricultural claims, making 290 cases now before that board. Twenty-eight more cases have been returned by the district board, bringing the number left in class one by the higher board up to 32. Only one of the registrants classified Sunday was given class one by the local board, making the total number classified in one by the local board 388.

Frank Tarplee of New Salem R. R. No. 1 was examined and found physically fit Saturday. This completes the quota of eight which will leave tomorrow morning at 10:51 over the C. I. & W. Three will board a special train at Indianapolis for the Interlaken school at Rolling Prairie, Ind., and five will go to Warsaw, Ind., for training.

Camp Wadsworth Quota Leaving Week From Today

The quota of twenty-three men to fill the quota to be sent to Camp Wadsworth, Spartanburg, S. C., at 12:40 on a Big Four special train, next Monday, has been selected by the local army board. The quota will consist of the following which includes an alternate, Clyde Patterson:

Elbert H. Morris, Milroy.
Arthur C. Edwards, Manilla.
Ry B. Smelser, Dayton, O.
Earl L. Newkirk, Rushville 6.
James R. Harcourt, Milroy.
James R. Whittaker, Mays.
Sylvester Miller.
James Warth, Rushville.
David J. Bunnell, Franklin.
W. E. Alexander, Carthage.
Edgar Summan, Mays.
Lowell R. Smalley, 312 W. Ninth.
Lot Redden, Rushville 3.
Leslie Drenner, Carthage 2.
Cecil Hudson, Carthage 3.
Fred Myers, Falmouth.
William Lashel, Rushville 9.
Roy Lee, Greensburg, 10.
Erwin F. Bernard, Arlington.
Charles D. Kahn, Manilla.
Clyde Patterson, Arlington.
Clarence Y. Clark, Rushville.
Irene G. Casey, South Carolina.

Plus Coat Values

The real basis of all value, in times of plenty or scarcity, is—Is the material good? Is the workmanship right? Is the style unexceptionable? Is it what you wish?

But, when, as today with good fabrics scarce and all materials high, you have a chance to buy on the basis of previous season's costs, then you get

Value Plus

And that is what a large proportion of our stock offers. It's a question of business foresight—early exercised to a wonderful extent by makers who for years have helped us make ours the leading coat and suit department in Rushville.

We know you appreciate such extra values and we have been keen in securing them.

So we repeat: See what we offer around \$25 to \$50—you'll save enough on them to buy Thrift Stamps or more War Savings Stamps.

Telephone Your Ads 211

This page is read eagerly by over 5,000 readers daily. It is invaluable for merchants, farmers, professional men and all progressive people.
OUR RATE
All advertisements, except display, are charged for at the rate of one-half cent per word for each insertion. The same ad will be placed in the Indianapolis Star and Daily Republican at the combined rate of one and one-half cent per word.
We earnestly solicit these advertisements by telephone and expect payment when the collector calls. Ads mailed in should be accompanied by the remittance, as the amount is generally too small to justify bookkeeping.
Cards of Thanks and Obituaries are charged for at the same rate, minimum 25 cents. No charge accounts opened.
CLASSIFIED ADVERTISEMENTS ARE NOT TAKEN AFTER 10:00 A. M. FOR PUBLICATION ON THE SAME DAY.

BREAK LA GRIPPE OR INFLUENZA DIRECTIONS

Go to bed at once, cover up real warm, take four doses of Hull's Superlative Compound, 20 drops every two hours. You will go into a sweat. Remain covered until perfectly dry. You will notice that aches, pains and fever have disappeared. Follow by taking 8 to 10 drops three times a day until perfectly well. Do not expose yourself or get chilled until you are thoroughly well, or a relapse is liable to take place, which may be much worse than the first attack. If it does not act on the bowels in 12 hours take a strong physic.
25 years ago I had a bad attack of real influenza; our family had the same. Hull's Superlative did its work in 24 hours and broke it up and has broken up all the colds and lagrippe I have had in the last 29 years. I know what it will do and have confidence; that is the reason I can recommend it to others, with good faith and a clear conscience that it will do for you what it has done for me.
Hull's Superlative is a root and bark remedy, rich in Peruvian Bark, fever breaker, Golden Seal the greatest known vegetable antiseptic and other ingredients as good as those mentioned. Hundreds testify to great good received. Be sure and keep it in the house. LaGrippe comes almost at once without warning. Then is when you need Hull's Superlative.

Acme Pig Meal

EQUAL TO MILK. PROTEIN 28 PER CENT.

If it is a fall and complete ration, nothing else is fed with it. You know how pigs do, fed milk—that is how pigs do fed ACME PIG MEAL, equal to milk, which prevents runts, set-backs and retains the BABY PIG FAT. Fifteen pounds makes 15 gallons "milk equal," enough for one pig for 30 days for 58 cents. A balanced ration—a complete ration, 25% cheaper than any other, barring none.

MINIMUM PRICE FOR HOGS FIXED

Dr. Barnard Says Farmers Are Assured \$15.50 For Porkers Farrowed This Fall

NOT EXACTLY A GUARANTEE

Policy May Be Defeated Only By Some Unlooked For Interruption In Transportation

In connection with the official announcement of the policy of the United States food administration to support a minimum of \$15.50 per hundred weight for hogs farrowed this fall, Dr. Harry E. Barnard, Federal food administrator for Indiana, has made public the following statement from Herbert Hoover to Governor Henry C. Stuart, who represented the committee of the United States department of Agriculture in a discussion of the matter:

"I am extremely obliged for the helpful and intelligent recommendations of the Committee. I wish to say for the Food Administration that so far as we are able we will continue the assurance of a minimum \$15.50 per hundred for average of porkers' droves at Chicago for hogs farrowed this fall. We can reconsider the outlook in a few months as to the extension of this again to spring farrowing. I have myself little doubt that we will be able to continue."

When Itching Stops

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin. Ask any druggist for a 35c or \$1 bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear. A little Zemo, the penetrating, satisfying liquid, is all that is needed for it banishes most skin eruptions and makes the skin soft, smooth and healthy. The E. W. Rose Co., Cleveland, O.

ne. I do want it made clear in all these matters of price influence by the Government that this is not a guarantee—it is a policy, and this policy will only be defeated by some unlooked for interruption in distribution, transportation or consumption—a risk of war we must all take.

The criticism has been made that in changing the formula from "cost of corn to be fed to the hogs" to the farm value or farmers' "selling value at country stations" has the effect of an advance to the farmer, as it realizes to him the profit on corn production as well as the profit between the normal amount of corn fed to hogs and the higher ratio here adopted, and that the calculation of hogs at Chicago only partly compensates this. I am not, however, disposed to quarrel with just profits to the farmer, and in any event, the application of such formulas must be rough and ready, and designed to attain their real end—justice and the stimulation of production.

The Food Administration has systematic independent information on the actual prices paid for corn at country stations through its Cereal Division, and we must necessarily use this information in conjunction with information collected by the Department of Agriculture.

"We have carried out an inquiry as to which really are the eight leading hog and corn producing states for a basis of these calculations. We examined the question from various standpoints—production of both items upon a square mile basis; upon per capita basis of population; upon a simple state production and for different years. Under these tests Iowa, Illinois, Indiana, Ohio, Nebraska and Missouri—six states—fall into every basis of calculation. Of the others it is difficult to decide. From different aspects Minnesota, South Dakota, Texas, Tennessee, all enter for the other two. In fact the committee was referring to the "corn belt" of which Texas lies outside and only has place here by sheer size. From various aspects it appears to me that every one would agree that South Dakota and Minnesota more nearly conform to the Committee's

definition than any other, especially if we weigh the relative factors of the weight of the corn produced in these states. In accordance with the Committee's recommendation, the Food Administration has issued orders to the marketing firms, about thirty in number, who participate in controlled orders, effecting so far as these orders will go the stabilization of price on these lines.

You will recognize that this should be effective as long as the controlled orders dominate the market. If they fall short of this it will be necessary to rely upon the packers carrying in stock any surplus pending absorption by the controlled orders or general consumption. This was accomplished last winter under difficulties and a break below the minimum was prevented.

Of the 3,000 or more islands comprising the Philippines only about 400 are inhabited.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless "no good" feeling, constipation, torpid liver, bad disposition or pimply face. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

STICK TO SENRECO AND YOUR TEETH WILL STICK TO YOU

THOUSANDS DAILY JOIN SENRECO FAMILY
TEETH BECOME WHITE, CLEAN AND FASCINATING IN FEW DAYS—GUMS FIRM AND HEALTHY

Dealers Amazed at Fast Growing Popularity of Remarkable Dentifrice

Don't neglect your teeth whatever else you do or you'll surely be sorry later on. Your dentist is one of your best friends—don't forget that—see him often—many thousands of men and women are enjoying life today because of the dentist's knowledge and skill.

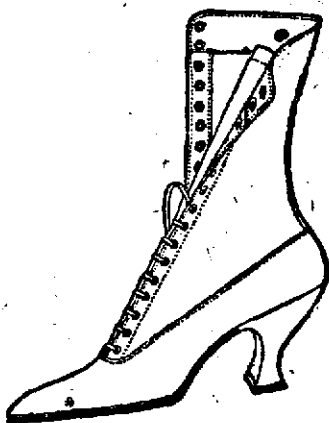

You can have white teeth so radiantly clean and fascinating that they will compel unstinted admiration. You can have firm healthy gums with no taint of disease if you will only visit your dentist occasionally and use Senreco toothpaste every day.

Senreco is a dentist's formula, a combination so perfect that, besides being the finest cleaner of teeth and the most enjoyable of dentifrices, it is an active enemy of the vicious germs of pyorrhea—that all too common and abhorrent disease that attacks the gums and causes them to bleed, recede and grow soft, tender and spongy.

Get a tube of magical Senreco today—the good results will astonish you—in just a few days your teeth will radiate purity.

Quality Distinctiveness Individuality Selby

Overcoats & Mackinaws

Foreword

As the twig is bent, so is the tree inclined—

It has always been our policy to serve the public at the lowest prices in consistency with the quality of merchandise; to do just as we advertise; to make satisfied customers, realizing they are really the best advertising medium. We thank you for the past patronage and solicit your further patronage on these principles.
